# Aufgabe 5- Plugins

The screenshot displays the WordPress 'Plugins' management interface. At the top, there's a navigation bar with 'DBW2wordpress', a refresh icon, and a 'New' button. The 'Plugins' section header includes an 'Add Plugin' button. Below this, filters for plugin status (All, Active, Inactive, etc.) and a search bar for installed plugins are visible. A table lists the installed plugins, each with a checkbox, a description, and an 'Automatic Updates' column. A yellow banner highlights a new version of Akismet. At the bottom, there are bulk action menus and a '6 items' count.
